### FINN 2022

We used a Rhône-style blend to create the idea of a home-style blend, with a strong yet accessible look and feel. Whilst Sean, our label designer, was working on the label, his magnificent cat, Finn, walked across his desk. So, Finn was born. We wanted something fun, yet elegant, playful and serious all at the same time. Finn the cat and Finn the label seemed to merge seamlessly.

Everybody wants a companion who will never disappoint you, and this red offers just that - serious enough to enjoy with food and delectable on its own. Finn is a wine everybody wants to come home to - rewarding your palate with bags of flavour

### TASTING NOTES

This wine is a bright, lively, light bodied wine with aromas of cherry, raspberry and fresh red fruits. Touches of spice and smoky nuances add to its complexity. The gentleness of its tannins and firm alcohol gives a smooth, lingering mouthfeel. Enjoy right now, slightly chilled.
